EXPERIENCE

Freelance
12/2023 – Present

Senior Web Developer
Created and implemented customized Large Language Models (**LLMs**), achieving over **150,000** generations and surpassing **8,000** downloads, demonstrating substantial demand and a strong value proposition.
Designed and built resilient backend services with **Laravel** and **Vue.js**, incorporating **RESTful APIs** to optimize data management and facilitate real-time updates, resulting in a 20% improvement in operational efficiency.
Developed a **Flask**-based pipeline featuring drag-and-drop functionality, utilizing **RESTful APIs** to enhance image categorization, achieving a 60% reduction in manual effort.
```
Flask  /  Laravel  /  Vue.js  /  Python  /  LLMs  /  Node.js
```

SelectQuote
07/2019 – 12/2023

Senior Web Developer
Led the redevelopment of the company's main website using **JavaScript**, **React.js**, and **Node.js**, resulting in a 20% increase in revenue within six months by improving the user interface and optimizing customer pathways.
Directed a team of 8 developers across multiple locations, ensuring seamless integration and delivery of projects through Git and Jira, reducing project delivery timelines by 15%.
Pioneered the implementation of Agile development practices, utilizing **Restful APIs** and API optimization, increasing overall team productivity by 18% and reducing system errors by 25%.
```
React.js  /  Jest  /  Redux  /  Typescript  /  PostgreSQL  /  Restful APIs
```

Web Developer II
Spearheaded the development and deployment of over 10 **RESTful APIs** using **Node.js** and **PHP**, managing more than **200,000** daily requests with an average response time improvement of 2 to 5 seconds.
Conducted **A/B** testing that improved conversion rates by 12%, directly contributing to an increase in quarterly sales by $500,000.
Leveraged **MySQL** and **Jira** to analyze and manage test data. Oversaw the debugging and refinement of critical system test scripts, working with **Angular** and **.NET** technologies, resulting in a 30% reduction in application errors and enhanced user satisfaction scores by 15%.
```
PHP  /  Node.js  /  MySQL  /  Linux  /  .NET
```
